

Expand MediaScreen 4

Bring your message to your target audience.

The product is of high quality and lowers your marketing costs as it allows you to use several graphics for the same display.

The Expand MediaScreen 4 has a sleek, pure style and is the perfect marketing display for both shorter and longer events.

Expand MediaScreen 4 is a user-friendly retractable display with a unique solution that enables you to easily change the graphics by yourself. With a few simple operations you get a new message up, by simply removing one graphic roll and replacing it with a new one. This feature reduces your marketing costs as you can now use several graphics for the same display and handle the graphic exchange by yourself.

With the smart telescopic pole, you can easily adjust the height to fit your message. This retractable banner display is of very high quality and has a slim elegant design. It is the perfect choice for displaying your message whether in retail, an exhibition, event or conference.

You set up the Expand MediaScreen 4 in 30 seconds.
